

Principal's Report
January 25, 2018

1. As you probably noticed, our new school sign is up on the front of the school. So far, I have only heard good things of losing the smaller, brown-orange lettering. It is one of many projects we have going on to create some more school pride and spirit. Others include a climbing wall, safety mats, and our Throughline wall.
2. Professional Development for teachers has been a priority this year and will continue to be throughout this 2018 school year. Although having teachers out of the classroom is not ideal, the strategies they are learning are helping their students in the classroom immensely. We have put a priority on computational mathematics and understanding the whole child this year, and much of the PD surrounds this.
3. Accountability Survey- You will soon receive an Accountability Survey from Alberta Education in the mail. Please take the time to fill this out. It is an important document for us. Our Education minister, school district and individual schools use this information. Teaching staff, as well as our Grades 4 and 7s will also take part in this survey.
4. Covenant Christian School calendar is in the process of being approved. Our schedule is coming out later than the rest of BGRS because there was changes to that calendar and we were asked to re-submit our request based on the new calendar BGRS will be using.
5. Covenant will be looking to celebrate the Olympics next month with many different events going on around the school. We are looking to begin the celebrations with an opening ceremony on February 7th, 2018.
