

The grade 5/6LV class is planning a fundraiser for an organization in Mexico that provides meals for children.

Austin from our class recently visited Mexico with his family and shared with us the great work that this organization is doing. The students are excited about the opportunity to participate in the kingdom work of serving others.

We have decided to make and sell Gourmet Party Mix just in time for Christmas.

The students will be involved in every part of the process. Together, we will price out the items, shop, make and package the party mix. We will advertise, collect and distribute the orders as well. The party mix will include an assortment of seasoned cereals, crackers and pretzels. No nuts will be included in the mix.

Please watch your email to place an order, and we thank you in advance!!
